Dear Friend of Hopes Journey,

I would like to respectfully invite your support of the **1st Annual Jason Sandvig Memorial Golf Tournament for Hope**. On **Sunday, September 12** at the Clifton Hollow golf course in River Falls, WI, golfers of all abilities will enjoy a beautiful day on the greens to benefit Hopes Journey Retreat and Wellness Center. This vital sanctuary is located in Grantsburg, WI and is dedicated to offering peace, comfort and support to cancer survivors and other adults who have been challenged by a catastrophic illness.

Your generous contribution will be instrumental in providing a sanctuary where those who are suffering from the overwhelming strains of a life-threatening illness can regain strength, courage, inner peace and hope. Please look over the enclosed materials and choose your level of support by becoming a sponsor or by generously donating a high-quality silent or live auction item.

Hopes Journey began as one man's dream to build a home to help those in need. Sadly, Kerry Lund passed away in 2008. Since then a small group of friends and neighbors, all touched by cancer in some form or fashion, decided to join forces to ensure Kerry's dream would carry on. This dream blossomed into what is now 'Hopes Journey,' a tranquil retreat catering to adults who have been challenged by a life-threatening illness.

Hopes Journey's doors will be open to everyone however its main focus is to provide a respite for women who have been challenged by a life-threatening illness. More often than not, the special women in our lives are also the primary caregivers in the family. We understand that the struggle to maintain enough energy to fight cancer *and* juggle regular routines and responsibilities can be insurmountable. Now there is a place where they can put reality on hold – a place to be pampered and surrounded by the peace and serenity of nature.

With your help the fear, anxiety and pain cancer survivors are forced to bear, will be replaced with a renewed spirit - inspired to persevere on life's journey. Please join hands with us in fulfilling one man's dream to bring joy and peace to many. Feel free to contact us with questions or for more information. We truly appreciate your support. Thank you.

Warmest Regards,

Lori Sandvig
President
